The Superiority of the

Grand Rapids

Sectional Bookcase

It is easy to see the fine points in this Bookcase. Look how the sections are joined together. There are no unsightly metal bands, no screws and bolts, but each section fits into the other by means of an interlocking dovetail joint, fastening them together so firmly that for all practical purposes it is a single piece Bookcase. The Grand Rapids Sectional Bookcase is set upon castors, and may be moved from place to place without in the least disturbing its contents.

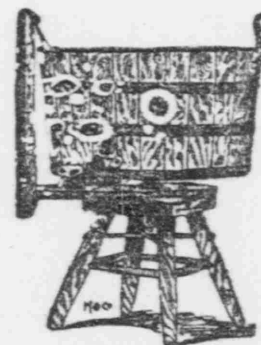

We have a complete line of these Grand Rapids Sectional Bookcases, including weathered oak, fine quartered white oak, and mahogany-finish—something appropriate for every occasion.
